WHITECAP DATA

Thomas B Tierney III   **Capability Statement**

WHO WE ARE

We specialize in providing data-driven solutions tailored for government agencies, with a strong focus on data analytics, and predictive modeling. Our strategies identify cost-saving opportunities while supporting specific initiatives and public-private partnerships. Furthermore, our data-driven insights enable targeted outreach to underserved populations and areas, improving citizen engagement and overall satisfaction with various services, and can also be applied to specific contracts. With our tailored approach, agencies can achieve increased efficiency, predictive insights, and impactful service delivery.

WHAT WE DO

- **Data Analytics**
- **Predictive Modeling**
- **Business Intelligence**
- **Data Mining**
- **Statistics**

NAICS: *518210* – 541611 – 541715 – 541990

PSC : B506, B529, DH01, DH10, R405, R612, R617, R702
